

GHAITH MEFTEH

Mobile Software Engineer | Flutter · Dart · iOS & Android

Nabeul, Tunisia | **Open to relocation (EU) / remote** | +216 53 32 47 63 | ghaithmeftah@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Mobile engineer with **3+ years of professional experience** shipping Flutter apps to the **App Store and Google Play**, used by **5,000+ people** across healthcare and sports. Owns the full cycle: pixel-perfect UI from Figma, state management, API integration, CI/CD and store releases. Also builds the backends behind the apps (Symfony, FastAPI, .NET) and leads a **team of 4 engineers**.

PROFESSIONAL EXPERIENCE

Technical Director (Directeur Technique)

Aug 2024 – Present

AzertyUI — Malissard, France (Remote)

SOC Rugby — official app of the Chambéry rugby club (Flutter, SwiftUI, GetX, SQLite)

- Built and published the app to the **App Store and Google Play**, used by **2,000+ fans**: match calendar and reminders, live scores, in-app messaging and pixel-perfect screens from Figma.
- Owned iOS and Android releases end to end with **Codemagic CI/CD**: certificates and provisioning profiles, Xcode builds, store review; kept the app at **99.8% crash-free** sessions, monitored with **Sentry**.

chalet-montagne.com — ski-chalet rental marketplace, French Alps, 10,000+ chalets (Symfony)

- Led a **team of 4 engineers for 14 months** to build the platform from scratch: owned architecture, task planning, code reviews and every production release.
- Cut page load times from **20–50s to 4–6s** by rebuilding search and listings (geo/date/price filters, map clustering) with caching and query optimization.
- Set up **GitLab CI/CD** with **390+ automated tests**, **SonarQube** quality gates and Docker deployments, making frequent releases safe.

Company management platform & server monitoring (current)

- Leading a **team of 4** (planning, coding, code review, deployment) on an internal HR and operations platform (absences, expenses, payslips, contracts) on **.NET microservices** with an API Gateway, **gRPC** and **Angular 21**.
- Built the server monitoring dashboard: SSH login tracking, **WireGuard VPN** access for developers, container monitoring, downtime alerts and automated backups.

Mobile Software Engineer (Part-time)

Jul 2023 – Aug 2024

Hope Horizon Health & Care — Ariana, Tunisia (Remote)

- Sole mobile engineer: built and published **SmartCare**, a Flutter app (Provider, GetX, Hive) connecting patients with their doctors, live on Google Play and used by **40+ doctors and 3,000+ patients**.
- Shipped real-time messaging, push notifications, appointment booking and reminders, with screens matching the Figma designs.
- Integrated Google Maps, Google Sign-In, QR code scanning and medical AI models; built the **FastAPI (Python) + MongoDB** APIs behind the app, deployed on **AWS**.

Software Engineering Intern (End-of-Study Project)

Feb 2024 – Jun 2024

L-Mobile — Nabeul, Tunisia

- Built a **tablet app for forklift operators** and 5 warehouse-management modules integrated with Microsoft Dynamics 365 Business Central (C#/.NET, REST APIs), giving real-time inventory data on the move.

TECHNICAL SKILLS

Mobile: Flutter, Dart, SwiftUI, React Native, Firebase, push notifications, Google Maps API, Google Sign-In, WebSockets

State & Storage: Provider, GetX, Hive, SQLite

Release & Tooling: Xcode, iOS certificates & provisioning, Codemagic CI/CD, App Store Connect, TestFlight, Google Play Console, Sentry, Figma, AI-assisted development (Claude Code)

Testing & Quality: PHPUnit, PyTest, SonarQube

Backend & Data: Symfony, FastAPI, .NET, gRPC, REST APIs, MySQL, PostgreSQL, MongoDB

Languages & DevOps: Dart, Swift, PHP, Python, C#, TypeScript, SQL · Docker, GitLab CI/CD, GitHub Actions, AWS, Linux

EDUCATION & LANGUAGES

Engineering Degree, Applied Computer Science (EUR-ACE) — National School of Engineers of Sousse, Tunisia

Jul 2024

- Exchange program, Murang'a University of Technology, Kenya** (Jul – Aug 2024): designed a **React Native** app for remote student registration, cutting paperwork, and fixed internet connectivity issues across departments (LAN, Ethernet).

Languages: French (B2) · English (B2, TOEIC) · German (B1)

Activities: Treasurer, IEEE IAS Student Branch, ENISo (2022–2023) · **Interests:** gym, cycling, camping
